The image shows a Tableau Desktop interface. At the top is a navigation bar with various icons and a 'Show Me' button. Below this is a sidebar on the left with 'Data' and 'Analytics' tabs. The 'Data' tab is active, showing a list of data sources including 'Annual Revenue (apple_p...', 'apple_products.csv (appl...', 'Country-wise share (appl...', 'Country-wise share (appl...', 'Flipkart_Smartphone (ap...', 'Market Penetration(iphon...', 'Model share (apple_prod...', and 'Quarterly-share (apple_pr...'. Below this is a 'Tables' section with a search bar and a list of tables including 'Battery Type', 'Brand', 'Colour', 'Front Camera', 'Model', 'Processor', 'Rear Camera', and 'Measure Names'. The main workspace is titled 'Sheet 2' and contains a table visualization. The table has five columns: 'Model', 'Processor', 'Front Camera', 'Rear Camera', and 'Colour'. The data is organized into two rows. The first row is for 'APPLE IPHONE 12' and the second row is for 'APPLE IPHONE 12 MINI'. Both rows show 'A Bionic Chip with Next Generation Neural Engine' for the processor, '12MP' for the front camera, and '12MP + 12MP' for the rear camera. The 'Colour' column has two values: 'Black' and 'Blue'. The 'Black' rows have a green square icon, and the 'Blue' rows have a red square icon. On the right side of the main workspace, there is a 'Columns' section with a list of fields: 'Model', 'Processor', 'Front Camera', 'Rear Camera', and 'Colour'. Below this is a 'Rows' section with a list of fields: 'Brand', 'Colour', and 'SUM(Original P...'. The 'Columns' section is currently empty, and the 'Rows' section is currently empty. The bottom of the interface shows a sheet tab labeled 'Sheet 2' and a list of other sheets: 'Data Source', 'KPI', 'battery type', 'model share', 'Brand Price Comparison', 'country-wise best selling smart...', 'quarterly-share', 'Annual Revenue', 'KPI_2', 'GMS', 'Dashboard 1', 'Dashboard 2', and 'Show Me'.
